

# THE BRAINERD DAILY DISPATCH

Volume 16, Number 15.

BRAINERD, MINNESOTA, TUESDAY, JUNE 20, 1916

Price Two Cents

## KELLOGG IS IN THE LEAD

### Secures Nomination for Senator.

## BURNQUIST IS WINNER

### Minnesota Governor Will Head Republican Ticket.

St. Paul, June 20.—The latest returns from 458 precincts out of 3,020 give F. B. Kellogg, 19,720; Eberhart, 12,893; Clapp, 6,130; Lindbergh, 4,479. These include 140 precincts in Ramsey county, seventy in Hennepin and ten in Duluth, St. Louis county.

St. Paul, June 20.—Monday's senatorial primary was a landslide for F. B. Kellogg, who will be the next United States senator from Minnesota, unless the voters of this state forget their traditional allegiance to the Republican party.

Returns thus far received from various parts of the state indicate that Kellogg will have a total of at least 25 per cent more votes than his nearest competitor and he may do even better.

The large vote for Mr. Kellogg is cited by politicians as indicating Minnesota's belief in the preparedness policy. This was the main point in Kellogg's campaign.

He carried St. Paul and Ramsey county by nearly two to one over A. O. Eberhart, his nearest competitor. Crookston, in the Northwestern part of the state, gave Kellogg seven more votes than were given all his competitors combined.

Some election districts Kellogg carried three to one over his nearest competitor; some four to one, and here and there a precinct gave him five to one.

In a majority of precincts, of course, his lead is smaller than this, but the returns received are sufficient to indicate his nomination by a handsome plurality.

## BURNQUIST LEADS IVERSON

Has Probably Secured Nomination for Governor.

St. Paul, June 20.—Scattering returns from all over the state indicate that Governor J. A. A. Burnquist is leading Samuel G. Iverson four to one. In some precincts the vote is five to one. It is a walkaway for the governor.

In the contest for the lieutenant governorship Thomas Frankson of St. Paul is leading James A. Peterson of Minneapolis by a substantial vote and Dr. J. A. Gates of Kenyon is trailing along in third place, about the same distance behind Peterson that Peterson is behind Frankson.

In the contest for state treasurer seventy-four scattering precincts out of a total of 3,020 in the state give R.

FRANK B. KELLOGG.

Republican Nominee for the United States Senate.

Worthington, nearly two to one, Schmah's vote being 2,568 and Sampson's 1,334.

In the race for the railroad and warehouse commissioners, Elias Steenerson of Crookston is giving Ira B. Mills of Moorhead a closer race than the latter has had since the railroad commissionership became an elective office.

## DULUTH VOTES DRY BY 200 MAJORITY

Duluth, June 20.—Duluth voted dry by about 200 votes, according to the final tally here.

The figures for the most part are unofficial, but there will not be any material change.

Thousands of dollars of wet money changed hands, as the betting has favored the wets throughout.

There has been little dry money in sight, so fast did the wets cover it. At the liquor dealers' headquarters campaign leaders refused to make any statement. They also refused to concede a temperance victory. The white ribboners are jubilant.

## RETURNS ARE VERY MEAGER

Indications Are Congressmen Secure Renomination.

St. Paul, June 20.—Incomplete returns from the congressional districts indicate that the Republican representatives have been renominated. Carl C. Van Dyke of the Fourth District, the only Democrat in congress from Minnesota, had no opposition.

In the Sixth district, the veteran C. B. Buckman apparently has failed to come back. In his efforts to succeed Charles A. Lindbergh, who retired to run for the senatorship, Buckman apparently has been defeated by Harold Knutson, the youthful candidate from St. Cloud. Early returns give Knutson 578, Buckman 690 and Ed Rogers, the Indian, 674.

## CONGRESS AGAIN AT WORK

Takes Up Important Measures After Two Weeks' Lull.

Washington, June 20.—Congress got down to active work again. For nearly two weeks there had been a lull in legislative activity in both senate and house while members were in attendance upon the national political conventions.

The most pressing measures before congress are the big supply bills, several of which remain to be acted on before June 30. Only eleven legislative days remain before the close of the fiscal year.

Work on the sundry civil bill, carrying \$127,237,000, was begun in the house, while the postoffice appropriation bill was still before the senate as unfinished business.

The army appropriation bill, carrying \$157,000,000, is expected to be taken up in the house after the sundry civil bill is disposed of.

## SIR JOHN BLUNT IS DEAD

Twice Thanked by President of the United States.

Valetta, Malta, June 20.—Sir John Blunt, British consul at Boston from 1889 to 1902, died here at the age of eighty-four. Sir John was knighted in 1902, had been in the consular service since 1850, much of the time in Turkey.

Sir John Blunt, on two occasions, received the thanks of the president of the United States in 1862 for investigating the murder of an American missionary in Turkey, and in 1867 for his investigation of outrages on American citizens in Rumelia.

## U. S. SOLDIERS DEFY CARRANZA CLASH IF HE CARRIES OUT THREAT

### Pershing Sends Detachment after Bandits—Interest on the Border Centers at Delrio

### Election Returns Show, Kellogg, Burnquist, Frankson, Schmah, Rines and Mills Nominated

### Sends Detachments After the Bandits Clash is Probable

(By United Press)

El Paso, June 20.—The defiance of the United States soldiers to the Carranza order is the most important development in Mexico this morning. Learning that the bandits were operating south and west of Namiqupa Gen. Pershing sent detachments after them, this in opposition to Gen. Carranza's order. If Carranza carries out his threat it is considered certain that the United States and Carranza soldiers will clash.

### Threaten Carranza if Attack is Made

(By United Press)

Washington, June 20.—The United States has threatened Carranza with the gravest consequences if he attacks the American troops in Mexico in the long note replying to his latest withdrawal note, the reply being filled with short-arm diplomacy jabs. It absolutely declines to take the United States troops out of Mexico and excommunicates Carranza for a failure to cooperate, resents his brusqueness and intimates bad faith, charging that he permitted the bandits to go unhampered.

### Ordered to Get Snelling Ready

(By United Press)

St. Paul, June 20.—Gen. Wood has ordered the quartermasters staff to get Ft. Snelling ready for the mobilizing of the state militia which is presumed will start at once, the state guard now being held in the armories throughout Minnesota.

### Border Interest is Now at Delrio

(By United Press)

San Antonio, June 20.—Interest on the border situation has centered upon Delrio where it is reported that 1,500 Mexicans and Yaqui Indians are approaching the city from the south.

Delrio is just west of here on the Rio Grande and a battalion has been sent there on motor trucks for the defense of the city, Col. Sibley commanding.

### Withdraw Request

(By United Press)

Washington, June 20.—The war department has decided to withdraw the request that congress permit the use of militia in Mexico, because it is feared that it would be construed as a war act.

### Militia Ordered to the Border

(By United Press)

San Antonio, June 20.—Gen. Funston has ordered several militia regiments to report at the border at once, the number believed to be 65,000.

### Refuse Demands Withdraw Troops

(By United Press)

Washington, June 20.—The state department has made public the text of a long note which has been sent to Gen. Carranza flatly refusing the demands that the United States troops be withdrawn from Mexico. This is the most pointed note yet sent Mexico by the United States and is unusually long.

### Horses and Mules for State Militia

(By United Press)

San Antonio, June 20.—Gen. Funston has announced that the quartermasters have been ordered to buy 50,000 horses and mules for use of the national guard.

### Forced to Take Refuge Consulate

(By United Press)

El Paso, Texas, June 20.—At Sallito several Americans and Englishmen were forced to take refuge in the British consulate on Sunday night.

### GERMANS ATTACK VERDUN

(By United Press)

Paris, June 20.—An official statement says that the Germans are again attacking Verdun, three attempts having been made against the French positions on hill 21.

## Looks Like Kellogg Frankson a Winner

(By United Press)

St. Paul, June 20.—510 out of a possible 3,020 state precincts give F. B. Kellogg 23,300; Eberhart, 14,441; Clapp, 7,007; Lindbergh, 5,441. Gov. Burnquist has large lead over Iverson, Frankson for lieutenant governor, Schmah for secretary of state, Rines for state treasurer and Mills for railroad commissioner all follow Gov. Burnquist's lead.

### Thought Certain Militia See Service

(By United Press)

Washington, June 20.—Pessimism predominates at official headquarters and those who thought a show of strength would quiet Mexico are less confident. It is also considered certain that the United States militia will see Mexican service.

### Mexicans Repair Damaged Railway

(By United Press)

Brownsville, Texas, June 20.—The Mexicans are repairing 4,000 feet of railway leading to the International bridge. After the forces withdrew they again tore up the track and built a barricade of steel rails at the south end of bridge when it was ascertained that the president had called out the state troops.

### Sues Minnesota For a Million

(By United Press)

Bismarck, N. D., June 20.—North Dakota in the United States supreme court at Washington has sued Minnesota for a million and a half dollars damages alleged to have been done to North Dakota farm lands by overflow of the Hartinka state ditch which the Minnesota legislature in 1911 ordered constructed, and action in equity has been filed by the attorney general of North Dakota asking that the ditch be permanently abandoned. The claims are that 12,000 acres of fertile farm lands comprising 80 farms have been rendered valueless. It is alleged that the land was never overflowed before 1911. The losses are reported over \$100,000 annually on account of action between the states.

### Want Dreadnaught

(By United Press)

Washington, June 20.—The president urges that the members of the senate naval affairs committee specify at least one and possibly two dreadnaughts in the navy bill.

### Would Bar Testimony

(By United Press)

Waukegan, June 20.—Orpet's defense is attempting to bar from the testimony his alleged admission to newspaper men and officers following his arrest.

### PLANS RAILWAY EXTENSION

Milwaukee Company May Build From Missoula into the Blackfoot.

Missoula, Mont., June 20.—The Milwaukee railway company is investigating the cost of a proposed extension from Missoula into the Blackfoot. Representatives of several contracting firms in Seattle, Portland and Spokane will submit estimates.

### TRAGEDY FOLLOWED DANCE

Man Found Guilty of Manslaughter at Second Trial.

Chinook, Mont., June 20.—A jury in the district court of Blaine county found Thomas B. O'Reilly, Jr., guilty of manslaughter. The trial, which was the second, was in progress three days. The first trial resulted in a disagreement. The crime of which O'Reilly was convicted was the killing of Bud Secrest at the Kipp ranch on the Missouri river, forty-five miles south of Chinook, on the night of Jan. 14. It was the outcome of a quarrel on the occasion of a neighborhood dance.

## TO SAIL AT TOP SPEED

### Pacific Fleet Going to Mexico.

## WINSLOW IN COMMAND

### Warships Will Be Prepared to Land Marines.

San Diego, Cal., June 20.—The cruiser San Diego, flagship of the Pacific fleet, with Admiral Cameron McR. Winslow on board, was prepared to leave for either Guaymas or Mazatlan. The cruiser Chattanooga left for Acapulca and the cruiser Denver left soon afterward for Salina Cruz.

The United States destroyers Hull, Hopkins and Truxtum sailed from San Pedro to accompany the San Diego. The cruiser Milwaukee will follow in a few days when necessary repairs are completed.

The warships are under orders to proceed to the west coast of Mexico at top speed. The ships' bunkers were filled to capacity with coal and large supplies of meat and other stores were taken on board.

The cruisers Colorado and Pittsburg, the latter the flagship of Rear Admiral Fullam, commander-in-chief of the Pacific fleet, will sail to join the ships under Admiral Winslow.

Including ships now in Mexican waters Admirals Winslow and Fullam will have a fleet of seventeen cruisers, gunboats and destroyers for whatever duty required.

May Land Bluejackets. That Admiral Winslow contemplates landing a force of bluejackets and marines on Mexican soil in an emergency was indicated by the fact that officers and sailors of ships owning motorcycles were requested to bring them aboard.

It was understood Admiral Winslow would form a motorcycle squadron for scouting purposes if he found it necessary to land bluejackets.

The sudden ordering of the Pacific fleet to Mexican waters was made necessary by a series of disturbances at Mazatlan.

The situation became critical Sunday, when an ultimatum, amounting practically to a declaration of war against the United States, was served on Commander Arthur G. Kavanagh of the gunboat Annapolis by General Flores, Carranza governor of the state of Sinaloa.

General Flores has taken a hostile stand against Americans and it was his refusal to permit Americans to leave Mazatlan that resulted in the clash Sunday between bluejackets of the Annapolis and Mexicans characterized as Carranza soldiers.

### WHAT WILL ROUMANIA DO?

Fall of Czernowitz Has Big Diplomatic Value.

Paris, June 20.—"What will Roumania do?" is the keynote and the headline on all comments in the morning newspapers on the capture of Czernowitz by the Russians.

Although forecasted some time ago the news has been received with enthusiasm.

All the newspapers agree that the diplomatic results of the fall of Czernowitz far exceed its strategic value.

They point out that the city is the capital of Bukovina, the irredentist province of Roumania, which was promised to the latter country in the event of her joining the allies.

Bukovina has twice formed a part of Roumania and the possibility of its return to the kingdom for a third time has been eagerly seized upon by the leaders of the Pro-Ally party in Roumania.

The interventionists have lost no time and dispatches from Bucharest say that they have opened a vigorous campaign and are confident they will be able to bring Premier Bratiano over to their side.

### HAD BEEN EXPECTING CALL

North Dakota Militia Recruiting to Full War Strength.

Grafton, N. D., June 20.—"The North Dakota regiment of the national guard will give a good account of itself," declared Colonel John H. Fraine. "We have been prepared for such a call for many months."

"The entire regiment will be mobilized at Fort Lincoln within a few hours and recruiting to full war strength is now well under way."

MISS HELEN HUGHES

This photograph of Mrs. Charles E. Hughes, wife of the Republican candidate for the presidency, the woman who will be the "first lady of the land" if the ex-justice of the United States Supreme court is elected president, was taken in her library at her

spacious home in Washington. Mrs. Hughes is known in Washington as a woman of domestic, rather than society tastes. Despite the fact that her husband's place made possible the highest social position in Washington, she has spent most of her time with her family. Miss Helen Hughes the eldest daughter, has been for some time in a camp of the Young Women's Christian Association in Pennsylvania.

ton, she has spent most of her time with her family. Miss Helen Hughes the eldest daughter, has been for some time in a camp of the Young Women's Christian Association in Pennsylvania.

J. A. A. BURNQUIST.

L. Johnson of Austin 1,253 votes, Henry Rines of Mora 2,143, Peter J. Schwarg of Dodge Center 526.

If this may be taken as an indication of the final result, Rines will be nominated by a large plurality.

The vote on secretary of state in the same precincts shows Julius A. Schmah, the present secretary, leading his opponent, E. K. Sampson of

The paving on South Sixth street is now under way. Iver Benson, chairman of the street committee, is keeping an eye on the improvement work. Half of the street is to be torn up and laid, so as not to interfere with traffic.

TO ENCIRCLE THE COUNTRY.

Representative Stephens Introduces Bill For National Highway.  
A national highway 10,000 miles long, circling the United States and running strategically near the Pacific, Atlantic and gulf coasts, as well as our northern and southern border lines, will be constructed and maintained by the federal government if the bill introduced in congress by Representative William D. Stephens of California is adopted.  
It is proposed that the new highway, which mainly is to be constructed for national defense, shall cross the United States, running eastward by the most practical route through California, Arizona, New Mexico and the gulf states to Jacksonville, Fla.; thence north through the Atlantic coast states to Portland, Me. Commencing again at New York city, the great roadway would run westward through New York, Pennsylvania, Ohio and Indiana to Chicago; thence north to St. Paul and west through the Dakotas, Montana, Idaho, Washington and at Seattle branch south the length of the Pacific coast to San Diego.  
It is also proposed to bind the inland points to the main highway now formed or contemplated. Every city in this part of the country would be on either a main or branch road connecting with the great highways which already span the country from the Atlantic to the Pacific. The various sections through which the proposed national highway would run can be relied upon to give their state and county highway systems already constructed to the government, providing the latter maintains and extends these roads.  
It is estimated that a bond issue of \$100,000,000 would be ample to maintain the roads already built and to construct such links as will be needed in the next fifty years. The supervision of the roads will be in the hands of the United States engineers and will provide work for at least 100,000 American citizens, who must be physically eligible for active service in the army.  
Impossible Ones.  
"He was a born fisherman and could swear to the truth."  
"He sought the office only for his country's good."  
"He took his own advice and never failed to practice what he preached."  
"He presumed that an editor's time has a certain value, always wrote briefly and to the point and never stopped his paper because he knew it all before it got into print."—Atlanta Constitution.

WILL TAKE TIME TO SECURE MEN

National Guard Is Far Short of Peace Strength.

REGIMENTS LACK EQUIPMENT

While Most State Militia Organizations Are in Good Condition on a Peace Basis They Will Need a Vast Quantity of Supplies to Place Them on a War Footing.

Washington, June 20.—No one knows better than the division of militia affairs of the war department the ailments of the national guard, which the present mobilization promises to do a great deal to correct. There are severe shortages of men and material alike.  
Some time will be necessary to recruit the 22,000 men the national guard lacks to make up even its peace strength of 151,000. It is short by 186,000 men of its full war strength of 315,000.  
Of the twelve divisions existing on paper only two, the Sixth New York and the Seventh Pennsylvania, have a divisional headquarters organized.  
Of the thirty-six brigades, on paper, making up these divisions, only twenty-eight have their headquarters organized.  
For the 127 regiments of infantry and cavalry there should be 635 machine guns. At last reports a few weeks ago there were only 172 in the possession of the various regiments. The ordnance department had only seventy-seven available. There were sixty-seven others in the seacoast defense, but they were needed there.  
Transportation is important.

Transportation is of the utmost importance in any field operation and this will be particularly true in Mexico. Yet the Sixth New York division is the only one with complete regimental and divisional wagon trains. The Seventh Pennsylvania has complete regimental trains, but needs 115 wagons to complete the divisional trains. There are no wagons at all for the trains of the other ten divisions.  
The regiments of these divisions need 623 wagons to complete their regular trains. Illinois has enough wagons for its regiments. As a number of states have not sufficient storage space the government has stored at the Jeffersonville depot 279 wagons with the necessary harness issued to these states. When they need the wagons and harnesses, they will have to wait until they can be shipped from Jeffersonville.  
The national guard troops are supplied with enough equipment for their peace strength, but like the regulars, would need additional arms, clothing, and equipment for the men enlisted to bring them to war strength. The same holds true with regard to their tentage.

Signal Men Are Scarce.

Just as the regular army's divisional organization is badly weakened by the fragmentary units of signal men and medical corps, and ambulance and supply trains, so the national guard is suffering from the same lack. Its wants are much more acute, in fact.  
Of the twelve army divisions into which the militia is divided only one has its quota of field batteries. This is New York, which in many ways shows by far the best record of the states. Its crack Seventh regiment is rated "excellent," and other organizations make a striking showing.  
Only a few regiments in the whole militia organization boast a machine gun company and still fewer have a supply company, though additional

**Stylish Garments For Summer Wear**  
**Wash Skirts that Wont Shrink**  
Ever own a wash skirt that shrunk every time it was laundered? Annoying, wasn't it? When you buy a "Printess" Wash Skirt you are assured against that.  
It is pre-shrunk, it can't shrink any more. And the metal hooks, eyes and fasteners are non-rustable so that no unsightly rust spots appear after washing. They uphold the Printess Standard—"Distinction in Dress." Those are the few reasons why "Printess" Wash Skirts are out-of-the-ordinary. We'll explain many other good reasons if you will call.

PERSHING PLANS TO SEIZE RAILROADS

Columbus, N. M., June 20.—Notwithstanding the threat of General Trevino, Mexican commander, to attack if United States troops move in any direction except toward the border, General Pershing, field commander of the American expeditionary column in Mexico, is said to be laying plans for quick dashes north and south at the first sign of open hostility.  
His plans, it is believed by close observers, are to gain possession of portions of the Northwestern railroad, which practically commands the territory adjacent to his line of communication.  
General Pershing is in receipt daily of information regarding the de facto Mexican government troop movements.  
Natives, treated kindly by the Americans, have voluntarily supplied valuable information.

WASHINGTON READY FOR OPEN WARFARE

Washington, June 20.—Upon General Carranza's reception of a stern refusal to heed his demands for recall of American troops from Mexico hinges the question of a Mexican war, in the opinion of President Wilson's close advisers.  
They were prepared for the possibility of open hostilities after the note, which will be sent forward at once, has reached Carranza's hands.  
No indication has come that the first chief's attitude of implacable hostility would be shaken by the reiterated declaration of the latest communication that the United States has no aggressive or warlike purpose toward Mexico, but is firmly resolved to protect her borders and end brigandage in the border states.  
While the diplomatic steps were in progress the nation was stirring throughout its width and breadth with the movement of national guardsmen mobilizing to guard the border.  
At least 100,000 and possibly a far larger number were preparing for active service under President Wilson's call.  
For the present their mission will be purely one of defense; but should war come they will be ready also for that. No marching orders for the new forces had gone out as yet. They will not be assigned for border duty until mustered into the federal service.  
Lights on Lincoln Highway.  
It is announced that the section of the Lincoln highway between Aurora and Geneva, Ill., a distance of ten miles, is to be electrically lighted for the benefit of travelers at night. Through the city of Aurora the highway is already marked by colored lights, these being supplied by the local automobile club. The street car company furnishes the electric power. The township voters adjoining Sterling, Ill., recently passed a bond issue of \$200,000 for the paving of a three mile section of the Lincoln highway just outside of that city. The roadway will be of brick, eighteen feet wide, and by July 1, 1916, the entire Lincoln highway route through the township will be paved in the same manner, the entire job costing \$225,000. A celebration is planned for next July in honor of the fact that this is the first Illinois community to complete paving its part of the national road.

## WOMAN'S REALM

## STRING QUARTET

Houstad Sisters, Daughters of Rev. and Mrs. C. Houstad, to Play Thursday Evening

The following program will be rendered at the Norwegian-Danish Lutheran church Thursday evening, June 22 at 8 o'clock.

The young musicians have been carefully tutored by Christian Jensen and Edwin Harris Bergh, violinists, and Wm. Rodenkirchen, cellist.

Miss Victoria Houstad, age 14, plays violin. Lajla, age 11, plays second violin. Dagny Houstad, age 9, is third violin and Valborg, age 13, is cellist. Mrs. C. Houstad, their mother, is the accompanist. This is the program:

- (a) March ..... Moffat
- (b) Pizzicato Serenade ..... F. A. Franklin
- Violin Solo, "The Mocking Bird" ..... Franz
- Violin Solo, Cradle Song ..... Soderberg
- Piano Solo, Selected ..... Mrs. C. Houstad
- (a) "Jesus Lover of My Soul" ..... Quartette
- (b) "Nearer My God to Thee" ..... Quartette
- Remarks ..... C. Houstad
- Violin Solo, Solveig's Song ..... Grieg
- "I Know That My Redeemer Liveth" ..... Handel
- Cello Solo—
- (a) "O Belle Nuit" ..... Offenbach
- (b) "Rocked in the Cradle of the Deep" ..... Knight
- Kleine Symphonie ..... Eschmann
- Recitation ..... Valborg Houstad
- Violin Solo—
- (a) "A Bridal Party in Hardanger" ..... Kjerulf
- (b) "The Chalet Girls' Sunday" ..... Ole Bull
- (c) "Old Folks at Home" ..... Quartette
- (d) "Old Black Joe" ..... Quartette
- (e) "Home, Sweet Home" ..... Quartette

## Entertain at Bridge

Richard and Miss Laura Johnson entertained at lunch and bridge, guests present numbering thirty. The ladies prize went to Miss Ruth Moody. R. C. Dwyer won the gentleman's prize. The street at the Johnson home was filled with cars.

## Congregational Aid

Ladies of the First Congregational Aid society will serve tea Wednesday afternoon at 3 o'clock in the church parlors. Everyone is welcome.

## In the Garden.

Give the petunia a good soil, let it get a good start at the beginning of the season, and by the last of June it will begin to bloom, and from that time on to frost it will make the garden gay with its crimson and purple and white blossoms. If there should be a little falling off in the quantity and quality of its flowers in September cut away nearly all the old branches and allow the plant to renew itself.

After cutting back it will soon throw up new shoots and on these will be borne flowers quite as large and fine as those which characterized the production of the earlier part of the season, and there will be plenty of them until the coming of cold weather.

## Broiled Swordfish With Horseradish.

Wash and wipe dry and season with salt and pepper slices of swordfish or halibut. Boil ten or twelve minutes, over a charcoal fire if possible. Serve with a horseradish sauce. Cream one-third cupful of butter, add two round tablespoonfuls grated horseradish, one teaspoonful made mustard, one saltspoonful of salt and two table-spoonfuls of hot vinegar.

## Rhubarb Conserve.

Three pounds of sugar, three and a half pounds of rhubarb cut in small pieces, juice of three lemons and grated rind. Boil this thirty minutes; then add a cupful of chopped blanched almonds. Chop about the size of a bean. Boil from twenty to thirty minutes longer. Put in jelly glasses. This is very fine.

We handle the **Batavia** line of Fancy Groceries, Coffees and Teas. A trial order will convince you they are the best.

## FOR THE CHILDREN

A Sleepy Time Story For the Littlest Folks In the House.

## FORGETFULNESS OF A KING.

How He Caused His Daughter a Great Deal of Unhappiness—What a Fairy Accomplished—Boy Scout Who Won Honor For Well Doing.

Hello, said Uncle Ben to Polly Ann and Little Ned; I'm just in time to tell you a story. It is about

## THE PRINCESS' WISH.

Once upon a time there lived a little princess. She was so beautiful that the king gave her anything she wished. One day she expressed a desire for a doll, a truly wonderful doll, that could talk and walk and sleep in a flower. The king promised to get for her. He forgot all about it the next day, however, and was much surprised to hear his little daughter say to the queen: "Mamma, I am quite unhappy. Father has not yet given me the doll I asked for."

The king immediately sent out and got her a doll that could walk and talk and was so small that it could sit in a flower. But this was not what the princess wanted. She wanted a doll that really lived. In vain did the king advertise by heralds for such a doll.

Meanwhile the princess was sitting at the window gazing out at the stars. She did not care for the many beautiful toys lying around her. She had foolishly set her heart on that doll. A beautiful rosebush climbed up to her window and was literally covered with the sweet smelling flowers. While the princess was gazing at one of the buds she saw a little green worm creep toward the heart of it. Now, the princess detested any kind of a worm, but when she heard a timid, soft voice say, "Help me, ah, help me!" her heart was touched. Reaching forward, she brushed off the worm, which fell to the hard stone pavement below. Then a little flower spirit rose up from the flower and said to the princess: "For saving me from such a horrible death I will let you have one wish. Tell me what you want most." So the princess wished that she had a doll that could walk and talk and sleep in a flower.

The fairy looked grave. "There are only fairies that do all you want, and I know that I could not get you one. For the great service you have done me, however, I myself will be your fairy. But I cannot come off the rose vine, for I belong to one of the roses. You can sit here whenever you want to, and I will come and talk to you."

The princess was happy then, for she had all she wished. Forever after that, with the little fairy to guide her along the path of life, the princess lived happily.

## Purpose of Boy Scout Movement.

"The work of this organization is toward the right kind of preparedness," said Governor Whitman to the scout masters of the Boy Scouts of America in a recent address in New York city. "I know that you are not primarily trying to make soldiers out

RALPH MAYER, BOY SCOUT.

of these boys, whom we have seen with so much interest today. I know that was not the original intention and is not. I know that the real purpose is to make men out of these boys, and the right kind of men—the kind of men who are going to make the right kind of citizens."

The boy scout standing at attention in the picture is Ralph Mayer of Pittsburgh. He is an honor scout.

## Charades.

My first to a type of man brought fame. My next is made by many cooks. Of my whole perhaps you say the same. Though the recipe's not in all cook-books.

Answer—Hoe, cake—hocke.

## "There Speaks the Soul of France"

BY ED L. KEEN

(United Press Staff Correspondent.) London, June 10 (By Mail).—

"There speaks the soul of France," said Franklin Bouillon, the distinguished French deputy, at the American Luncheon club in London, after reading this touching letter written by a French soldier, George Belaud, a cook, to his wife:

"My dear Yvonne—Don't be worried. I have good hopes of seeing you again, as well as our dear boy Raymond. But, if by ill-luck anything should go wrong with us—for we are at war, and, of course, are running risks—I hope you will remain courageous, and be sure, in case I die, I have complete confidence in you; and I ask you to live for the sake of bringing up the boy so as to be a right manly and true fellow; and give him a good education according to the means at your disposal. Above all, when he is grown up, tell him that his father died for him, or, at least for a cause that would be of service to him and all the generations to come. Now, my dear Yvonne, all this is but a mere precaution, and I hope to be beside you and help you at your task; but as I said, one never knows. In any case we soldiers are advancing with good cheer and in the firm hope of victory."

"As for you, be sure I have always loved you and do love you for evermore, whatever happens. Once more I rely on you to be full of courage. From your affectionate husband, who sends to you and his dear boy the warmest embraces."

The day after sending the letter the writer was killed, said M. Bouillon.

## Minnesotans Make Living Hunting Rattle Snakes

Winona, Minn., June 20.—Hunting rattle snakes is becoming a popular sport in and near Winona. Several men are following the hunt of the deadly serpent as a profession and are making a living of it. The snakes are numerous. A live snake on the Winona market today is quoted at 90 cents per pound. The bounty for the hisser is 50 cents, and rattle snake oil is used for medicine. The average snake weighs five pounds, making \$5 the average wage. Some catchers get several snakes a day.

## OUR MILITARY ROADS POOR

Major P. S. Bond Criticizes Both Quantity and Quality.

The United States is poorly equipped both as to the quantity and the quality of its roads, according to Major P. S. Bond, corps of engineers, U. S. A., in an article published in the Engineering Record. In any military operations conducted in our territory, extensive road construction must be carried on by both combatants. Military road work will consist very largely of the improvement, repair and maintenance of existing roads, but in many of our possible theaters of war, including the United States and other parts of the American continent, extensive new construction work will also be necessary.

In the location and construction of a military road the peculiar economies of warfare, which have been heretofore mentioned, should be kept constantly in mind. In the construction of a civil road or railroad the amount of money which may be profitably expended in reducing grades, securing good alignment and in paving (in the case of a road), is determined from the estimate of the nature and amount of the probable traffic. In military construction the element of cost is of secondary importance, but the question of time is paramount. The road must be opened for traffic in the least possible time. Nevertheless, the nature and amount of traffic and the period during which the road will probably be required are not, of course, entirely disregarded. The road will usually be constructed to meet the exigency of the moment, and may later be altered and improved to meet the development of the situation.

Common labor will ordinarily be plentiful, but often no plant at all will be at hand.

## The Word Bible.

The word Bible furnishes a striking instance of a word's rise from very low to high estate. To the bulk of English speaking folk it now means the book of books. In Chaucer's day it meant any book whatever or scroll—to speak by the card lest equivocation undo us. Tracing the word Bible straight home, we find it as bublos, but another name for the papyrus reed of Egypt.

There are two times in a man's life when he should not speculate—when he can't afford to and when he can't Mark Twain.

## JAPAN'S SENSE OF HUMOR.

It Seems to Be Too Subtle For Occidental Minds to Master.

Japan was the first foreign country where I saw moving pictures shown. In Yokohama one whole street is given up to moving pictures—Theater street. Great banners hung clear across it with the picturesque Japanese alphabet racing up and down them advertise the respective performances.

On the floor the audience sits, with their feet squarely turned under them, absorbed in the shifting shadows. The subtitles are in English, but so common is English coming to be in Japan that the meaning doesn't go over their heads. There is always some one to whisper the title's meaning.

American manufacturers have labored long and hard to find films that will amuse the Japanese, but their success has not been very marked. No white mind can fathom a Japanese's sense of humor. Our funniest films over there go flat. But in the midst of a death scene in some dramatic film they will suddenly begin to rock with merriment. There is a fortune in it for any

one who will locate the Japanese bump of humor and manufacture plays that will hit it.

The Japanese are now manufacturing their own films, but they are not of much interest to white people, as nothing ever happens in them. There is no action. Half a reel may be given up to drinking a cup of tea. But this may be exceedingly funny to the Japanese, for there has been more going on than shows on the surface. By the way they lift their cups, by the way they swing their fan they are passing a message. Two Japanese can talk to each other with their fans, while the white man standing alongside understands nothing of what they are saying.—World Outlook.

## Proof.

"Mr. Spark is awfully gone on me, I am certain," announced Mary, the handmaid of No. 4, to Jane of No. 6.

"How do you know?"  
"Well, last night me and him was at the pictures, and to tease him I knocked his cap over his eyes about ten times and he never said a word."—London Mail.

## Does Sloan's Liniment Help Rheumatism?

Ask the man who uses it, he knows. "To think I suffered all these years when one 25 cent bottle of Sloan's Liniment cured me" writes one grateful user. If you have rheumatism or suffer from neuralgia, backache, soreness and stiffness, don't put off getting a bottle of Sloan's. It will give you such welcome relief. It warms and soothes the sore, stiff painful places and you feel so much better. Buy it at any drug store, only 25c.—Adv't.

## THE BRAINERD DAILY DISPATCH

By Ingersoll &amp; Wieland

**SUBSCRIPTION RATES**  
 One Month ..... Forty Cents  
 One Year, strictly in advance ..... \$4.00  
 Office in Dispatch Building on 6th St.

Entered at the post office at Brainerd, Minn., as second class matter

TUESDAY, JUNE 20, 1916

## COMMUNICATION

Mr. W. H. Gemmell has given the following to The Dispatch as a statement in regard to the train and engine men's wage controversy which he has just received from New York for publication:

"Settlement of national railway wage controversy either arbitration under present law or preferably by submission to Interstate Commerce commission for thorough and speedy investigation was proposed by railroads last Thursday at conclusion of conference in New York with train service brotherhoods. Rejected by Brotherhoods who announced would take strike vote. Railways pointed out that Interstate Commerce commission with its control of rate regulations of revenue of railways and its thorough knowledge of whole railway situation is in position to avert national strike and settle controversy with justice to employees, employers and public. The committee in making this proposal to brotherhoods say "National conference committee railways has carefully considered your proposals and your explanations of their meaning and intended applications and in our judgment no reasons developed during our conferences to justify extraordinary changes in operating methods and practices and large expenditures for additional facilities which your proposals involve nor was anything presented to justify your requested radical revision of established basis of compensation for men in engine, train and yard service. Present rates and rules are largely result of recent arbitration awards and in our judgment now provide for men liberal compensation and favorable working conditions. Moreover best obtainable estimates indicate that to accept your proposals would increase cost of operation of railroads approximately one hundred million dollars a year, all of which must eventually be borne by the public. We are confident that you and the men you represent appreciate the responsibilities of this committee to three substantial interests, viz: "A" To employees here involved whose efficient service is acknowledged and with whom railways have no differences which cannot be considered fairly and decided justly by some impartial body. "B" To all other employees of railways whose material welfare should not suffer because of preferment of any particular group of fellow workers. "C" To owners of railways who have a right to participate in the earnings of their business on fair and equitable basis. "3" To public who are vitally interested in maintenance of an uninterrupted and efficient transportation service and whose ultimate control of the situation we all recognize as fundamental. We reiterate statement given by railways to their men and repeated to you by this committee that railways have no desire to change either existing rates of pay or working rules, nor to reduce the earning possibilities of the employees under their existing schedules, but your proposals in connection with the interpretations given during our conferences are so inherently and fundamentally opposed to view of this committee that we feel constrained to decline and do hereby decline them. Our conferences have demonstrated that we cannot harmonize our differences of opinion and that eventually matters in controversy must be passed upon by other and disinterested agencies, therefore, we propose that your proposals consisting of articles one to four inclusive, referred to during our conferences as form 35 and the proposition of the railways viz: That in connection with and a part of consideration and disposition of your proposals there shall be open for consideration in schedules of practices thereunder governing compensation in classes of service affected by your proposal of these in conflict with following principals as they apply to such classes, "A" no double compensation for the same time or service. "B" same classification for purposes of compensation to be applied to all members of a train and engine crew. "C" Two or more differently paid classes of service performed same day or trip to be paid proportionate rate, according to class of service with not less than minimum day for the combine service be disposed by one or other of the following methods: "1" Preferably by submission to Interstate Commerce commission, only tribunal which by reason of its accumulated information bearing on railway conditions and its control of the revenue of the railways is in a position to consider and protect rights and equities of all the interest affected to provide additional revenue necessary to meet added cost of operation in case your proposals are found by the commission to be just and reasonable, or in event

the Interstate Commerce commission cannot under existing laws act in the premises, that we jointly request congress to take such action as may be necessary to enable commission to consider and promptly dispose of the question involved, or "a" by arbitration in accordance with the provisions of the federal law entitled "an act providing for mediation, conciliation and arbitration in controversies between certain employers and their employees" approved July 15, 1913, and commonly known as the Newlands Act. This committee urges most careful consideration of the proposal herein made for a submission of the controversy to a federal tribunal to the end that a peaceable and equitable adjustment may be brought about.

"In a later wire they state: 'Garretson did not threaten strike. He indicated officers wanted the authority a strike vote would give them at another conference. He said they would never agree to arbitration at this stage of the game when no man can truly say interruption of traffic threatened. We have immense settling power' he said, 'men would never consent to arbitration railroad proposal, but would go back to men with absolute statement facts and be guided by their verdict.' He said it would take about forty days for the vote."

## Largest Tinplate Works in World

(By United Press)

McKeesport, Pa., June 20—Already possessing the largest tube works in the world, McKeesport's prestige as a big mill center will be materially increased before the end of June when more new tinplate mills that have been under construction for months, are completed, giving McKeesport by far the largest tinplate works in the world. The combined plants will then consist of 44 mills. The next largest tinplate works consist of 32 mills. It also is located in Western Pennsylvania. The cost of the new mills and a power plant will be \$2,200,000, making the cost of the whole plant about \$5,000,000. The plants now employ 1,600 men and women. When the new mills are all in operation the working force will be about 3,000. The capacity of the works will be 4,000,000 boxes of tin a year, which is over half of the tinplate production of the country and valued at \$18,000,000 to \$20,000,000. The payroll will be \$3,000,000 a year. Tinplate business is fine. The local mill and other plants are working at capacity, but cannot supply the demand. Big concerns are more anxious about shipments and delivery than they are about prices. From a small plant of mills placed in operation in 1905, the plant of the McKeesport company has in less than a dozen years grown to be the greatest works of the kind in the world. McKeesporters take particular pleasure in the thought that the men who established it are McKeesporters and are still at the head of it. Improvements for the welfare of men and women employed in some departments of the works have already been made. Some time after the new mills have been working smoothly and everything is in shipshape, a day for inspection is to be set, when men prominent in the manufacturing world are to be entertained for a day.

## Dickens' Last Letter.

The last paragraph of the last letter written by Charles Dickens read: But I hope I may be ready at 3 o'clock. If I can't be, then I shan't be. Ever affectionately, C. D.

This was written an hour or so before the fatal seizure. Every word drops below the level from which each starts, each line of writing descends across the page, the simple C. D. is very shaky, and the whole letter is broken and weak. Charles Dickens was not "ready" at 3 o'clock. He died at ten minutes past 6 p. m.

## Food in Germany Babies Eat Carrots

BY WILLIAM G. SHEPHERD, (United Press Staff Correspondent.)

Editors—To ascertain at first hand what effect the food stringency in Germany was having on the lives of the civil population, Shepherd went to Rotterdam and secured a set of food stories from travelers leaving Germany, detailing their experience of which the following is the first article.

Rotterdam, Holland, May 25 (By Mail)—Babies seven months to a year old are eating carrots, apples and spinach in Germany. Other folks beside babies are having food troubles. These food stories we'll tell about them all. If you watch the consulates here and keep your eyes on the incoming trains you can meet, every day, a scant few persons who have just come from Germany and who will gladly tell you what experiences they have had in their kitchens, dining rooms and stomachs since the food stringency in Germany became noticeable. These travelers feel themselves heroes, as, indeed you come to regard them, in a manner of speaking, when you see them abandon themselves to a full man's sized meal here. Travelers to Berlin, especially the American writing kind, live at the best hotels. They return with stories of plentiful and excellent food. Berlin is the wartime show place of Germany and the hotels where writers go are the wartime show places of Berlin. What the American writers have said of the plentifulness and the excellence of the food, is not necessarily true. Here in Rotterdam you get the truth, straight from the dining rooms and kitchens of civilians in every part of Germany. It indicates that life in Germany is uncomfortable, highly so, for a civilian who is keeping house.

Here's a Swedish mechanic from Germany, running around Rotterdam filling his arms with packages of bacon, bottles of olive oil and rice. Perhaps the Hollanders will refuse him permission to take these things across the border but, "I'm going to make a try at it," he says. Here's a pretty American girl dining alone in a Rotterdam restaurant. She's studying music in Berlin. "I've just run over to Holland to spend a week eating," she says.

Here's a Spanish woman with three little children. "I brought the baby down to get him some milk. He is tired of carrots, spinach and apples. No wonder; he is only seven months."

And here are Germans—rich, elderly, retired Germans—who haunt the doorways of the hotel restaurants waiting for the American plan dinner bell to ring and who seem to be always eating, even at the hated English tea hour. They are here a week. Then they go back to Germany. Germany, civilian Germany is hungry. Not hungry for victuals, because victuals are anything a human being can eat and digest, but for decent food like meat and wheat and milk and animal and vegetable fats.

(How and why tiny, toothless German babies eat apples, carrots, spinach and oatmeal, instead of gurgling milk, will be the subject of Shepherd's next German food story.)

## Well Children are Active

If your child is dull, pale, fretful and wants to lie around, the chances are it is suffering from worms. Kickapoo Worm Killer, a pleasant candy confection, liked by all children is what your child needs. You only give one-half to one lozenge at a time and you get immediate results. Every mother should have a box on hand. 25c at all druggists.—Advt. tts

## Telegraph Briefs

**Girl Would Recruit with Lover**  
 St. Paul, Minn., June 20—Miss Helen Harrap, 17, and pretty, today planned a protest to President Wilson, because she was refused her request to recruit with Paul M. Marshall, Omaha, Neb., her sweetheart. She wanted to be a nurse on the same ship to which Marshall was assigned. He was accepted into the regular army.

## Three Days Session

St. Paul, Minn., June 20—With their brother of the rail, the trainmen and engineers, in delicate negotiations with railway heads in New York, the American association of Railway Telegraph Superintendents today opened a three days session here, that promised to be perfectly peaceful. The sessions of the convention will be given to betterment of the men for handling their jobs, and to social activities, not to discussion of labor troubles, it was stated just before the opening session.

A reception in the Palm room of the Saint Paul hotel last night started the convention. About 200 men of dots and dashes are attending.

## Masons Meet

Fargo, N. D., June 20—Four hundred Masons, representing 113 constituent lodges, met here today in the Masonic state grand lodge. The convocation will continue for two days.

## Essential to Photography

St. Paul, Minn., June 20—Metol, essential to photography, has been substituted by S. T. Tenehoff, recently resigned from the faculty of chemistry at Minnesota university. When metol reached \$50 a pound, on account of the war, dealers took it off the market. Production of the substitute reached \$50 a pound, on account of largely of tin and carbolic acid, and after the war these will drop, making the named substitute worth possibly \$5 a pound.

## Sued the County

Minneapolis, Minn., June 20—Alleging that he was forced to spend \$13,000 to get evidence that convicted Frederick T. Price of exercise, William Dye today sued the county for the return of the money. Dye was Mrs. Price's brother-in-law.

## Incorporate Prohibition

St. Paul, Minn., June 20—Before leaving today for Rock Island, Ill., his birthplace, to speak at the hundredth anniversary of Fort Armstrong, Sam H. Van Sant, former Minnesota governor, predicted that within 10 years public sentiment would compel Democratic and Republicans to incorporate prohibition in their platforms.

## May Fight Dillon

St. Paul, Minn., June 20—Mike Gibbons may fight Jack Dillon here in August, the phantom said today upon his return from seeking fishes in the Northern Minnesota.

## Good Corn Crop

St. Paul, Minn., June 20—Prospects of a good corn crop in Minnesota this year are poor, according to Fred D. Sherman, state immigration commissioner.

## 35 Years Service

St. Paul, Minn., June 20—George M. Fisher today finished serving 35 continuous years as a night watchman and special policeman in St. Paul. During that time he has prevented numerous fires.

## Cold Storage.

The first cold storage warehouse in the modern acceptance of the term was opened in Chicago in 1889.

## English Drink Habit is not Cured

(By United Press)

London, June 20—High prices and drastic restrictions have done little if anything to curb drinking in England. Some authorities say there has been an increase. There has been much controversy over this question. Advocates of rigid regulation or of total prohibition maintained the new rules has made the country more sober. Their opponents denied it. The United Kingdom Alliance, a neutral organization devoted to the compilation of all sorts of social statistics which the country supposedly ought to know, has finally submitted definite figures. Before the war the "pubs"—saloons—were open nineteen and a half hours daily, from 5 a. m. until 12:30 a. m. Today they are open five hours and a half daily. No intoxicants may be sold before noon; none between 2:30 and 6:30 p. m.; none after 9:30 p. m. Treating also has been strictly prohibited. These regulations are enforced energetically. The United Kingdom Alliance's records show that drinking was decreased, in 1915, by 8 per cent, compared with 1914, and by 10 per cent, compared with the last full peace year, 1913. It is pointed out, however, that this reduction is offset, or more than offset, by the fact that from 750,000 to 1,000,000 men—the soldiers—were out country. The increased percentage of reduction is attributed to the increased number of men sent abroad. Expenditures for drink have increased, owing to higher prices. In 1914 the total was something over 164,000,000 pounds (about \$820,000,000.) In 1915 it was 182,000,000 pounds (about \$910,000,000.)

## May Resort to Militia Conscription

(By United Press)

St. Paul, Minn., June 20—Conscription may be forced upon Minnesota men capable of bearing arms, to recruit the Minnesota National guard to full war strength. The Minnesota military code provides for enrollment of eligible arms bearers, with the taking of each census. High military authorities today said they considered this clause sufficient ground for forcing Minnesota men to enlistment. The matter may be brought before the state supreme court for a test. Activity in recruiting is due to the disbanding of four national guard companies and threatened disbanding of several others, due, it is said, to inefficiency and the fact that the guard is below peace strength.

## PREPAREDNESS PARADE

Kansas City, Mo., June 20—Seventy bands marched today in the preparedness parade here. One band was provided for every 500 members. It required several hours for the parade to pass the reviewing stand. Original plans called for the parade Memorial Day as a part of the reception of Colonel Roosevelt, but it was postponed after the cry of "politics" had been raised.

## Clear Skin Comes from Within

It is foolish to think you can gain a good clear complexion by the use of face powder. Get at the root of the trouble and thoroughly cleanse the system with a treatment of Dr. King's New Life Pills. Gentle and mild in action, do not gripe, yet they relieve the liver by their action on the bowels. Good for young, adults and aged. Go after a clear complexion today. 25c at your druggist.—Advt. tts

## K C BAKING POWDER

Passed by the Board of Censors

1st—The manufacturer with the rigid tests of the laboratory and factory.

2nd—The wholesale grocer with his high standing and desire to handle only reliable goods.

3rd—The retail grocer who desires to handle only those brands he knows will please his customers.

4th—The food officials with their rigid laws for the purity and wholesomeness of food products.

5th—And most important, you, the housewife with your desire for purity, efficiency and perfect satisfaction.

 (More than a pound and a half for a quarter)

## GOLF TOGS.

Style Tips About Your Looks on the Links.

The girl who plays golf is in her element these days, for at the first touch of spring she gets out her golf bag—if she hasn't been using it all winter on the southern links—dons a pair of low heeled shoes, a close fitting hat, a short skirt and a comfortable sweater and hies herself to the links for a glorious day of golf.

When we say that the girl who plays golf dons low heeled shoes, a short skirt and the rest of the sporting paraphernalia it must not be thought that her costume is in any way unattractive or that any sort of clothes will do for this game. The day has passed when this was the case. Time was when the golfing girl was not a thing of beauty nor yet a joy forever, but fortunately that time is of the past, not the present.

Today the girl who plays golf presents a trim, immaculate figure. She is clad in well cut clothes designed on comfortable but at the same time becoming lines. Her golf skirt is sometimes of linen, sometimes of tweed, but whatever the material used it fits her figure beautifully and swings gracefully at every stroke. Her blouse, though a plain one, is wonderfully made, often sewed by hand and ornamented with the finest of fine stitches. While it is usually mannish in cut, it loses nothing in beauty by this fact, for a bright tie at the throat or fancy buttons add a feminine note.

The hat of the golfing girl is a sensible but pretty affair. It is snug fitting, so that in the midst of the game the player need not be disturbed by breezes dislodging her headgear. Usually it is fairly large so that the eyes may be shaded from sunshine and the complexion guarded from tan. A Panama with a single ribbon band is a popular golfing hat, though there are numerous other types of headgear which meet with the athletic girl's approval.

The most fascinating part of the whole costume worn by the girl who plays golf is the vivid covered silk sweater worn over her sport blouse.

## More Coming.

Agnes—I'm so sorry I missed your wedding. Gladys—Never mind. I'll have others.—Life.

## "SPEAR HEAD" AN OLD TIME FAVORITE

The Most Popular Chew for a Third of a Century

## PURE, RICH, FRUITY-SWEET

The man who chews gets by far the most wholesome enjoyment and satisfaction out of tobacco, especially if he chews plug tobacco. The rich juices of the leaf are retained in good plugs better than in any other form.

For more than a generation Spear Head has held first place as the favorite high-grade plug chewing tobacco.

This unique distinction is due solely to the wonderful quality and flavor of Spear Head—the richest, mellowest, tastiest chew in the whole world.

Spear Head is the choicest of all red Burley, hand-stemmed and made into mellow-sweet plugs in a perfectly clean, most sanitary factory.

You can't chew the flavor out of Spear Head, because it's a part of the tobacco. That rich, ripe red Burley taste keeps on pleasing you as long as you keep on chewing.

Chew Spear Head and you'll be chewing the purest and most satisfying tobacco that it's possible to make. In 5c and 10c cuts.

## Will My Child Take

Dr. King's New Discovery?

This best answer is Dr. King's New Discovery itself. Its a pleasant sweet syrup, easy to take. It contains the medicine which years of experience have proven best for colds and coughs. Those who have used Dr. King's New Discovery longest are its best friends. Besides every bottle is guaranteed. If you don't get satisfaction you get your money back. Buy a bottle, use as directed. Keep what is left for cough and cold insurance.—Advt. tts

## CONGRESSIONAL CHOICE IN DOUBT

Congressional Vote in District Not Complete but Predictions Say Knutson Nominated

### LEGISLATIVE VOTE IS CLOSE

Bond Issue is Lost—But 1104 Votes Cast in the City—Official Figures Given Tomorrow

Election day was a quiet one in Brainerd, the weather was ideal but that did not bring out a large vote, the number of ballots cast in the five city precincts being but 1104, distributed as follows:

First ward, 144; second ward, 269; third ward, 190; fourth ward, 228; fifth ward, 273.

The predictions of the Rogers supporters for congress that he would carry the city by a large majority were carried out, his majority over Buckman in the five wards being 314. The vote on congressman being, Rogers 512; Knutson 285; Buckman 198.

The heavy Rogers vote is accounted for by the fact that he was given the socialist support, was the candidate of those who favor lifting the Indian lid, in addition to being the popular favorite of the baseball and athletic population of the city. This gave Mr. Rogers a big lead and put him ahead in this city. The gentlemen who backed him for the nomination are jubilant over his Brainerd endorsement and are confident that he will beat Knutson in the final canvas of the votes. The Dispatch received a telephone message from Little Falls this morning to the effect that their figures placed Harold Knutson in the lead by 300 votes. Later returns may change this vote as a large part of the district has not yet been heard from.

For United States senator Frank B. Kellogg leads in this county as far as heard from, and dispatches from St. Paul say he has carried the state, his vote in 500 of the 3,000 state precincts being 14,000 over Eberhart, the next highest candidate.

The legislative contest is in doubt the latest figures being Oberg 572, Swanson 539, Lindbergh 517, Henderson 450, with Henderson gaining as the country vote comes in. Tomorrow's figures may materially change the above figures as to relative position.

In the third commissioner's district J. A. Erickson and W. F. Dieckhaus are the two high men and will be opposing candidates at the November election, the vote on this position in the two wards being: Erickson, 170; Dieckhaus, 143; Peterson, 67; McIntosh, 55; Zakariasen, 54.

### Congressional Vote

With the city of Brainerd and 15 outside precincts the congressional vote in Crow Wing county stands: Buckman 310, Knutson 496, Rogers 694. There are 27 precincts yet to hear from.

A telephone message from Little Falls says Knutson leads Buckman and Rogers by about 1,500.

### Vote on Commissioner

Results on county commissioner of the third district, being the fourth and fifth wards, give these totals: Erickson 170, Dieckhaus 143, McIntosh 55, Peterson 67, Zakariasen 54. Incomplete returns give these results in the fifth district on the range: Carlson 149, Syren 196, Armstrong 47, Andrews 43.

There was no primary contest in the first district, there being but two nominees, H. V. Flansberg and Frank Walker.

### \$45,000 Bond Issue

The \$45,000 sewer bond issue failed to carry. Four wards of the city (no figures on the third ward) give 488 no, 373 yes. The second ward favored the improvement.

The vote in detail stood:

First ward, yes 70, no 65.  
Second ward, yes 138, no 122.  
Fourth ward, yes 66, no 147.  
Fifth ward, yes 99, no 154.

### SUMMER COTTAGE FOR RENT

If you are looking for a beautiful spot to spend the summer with your family, I have for rent a new 5 room cottage, all furnished, with garage and row boat, large porch all screened, elegant fireplace. Location on Pelican Lake, 15 miles north of Brainerd, Minnesota, one of Minnesota's great black bass lakes, clean sand beach. Ice, milk, butter, eggs and vegetables delivered daily. Terms \$150.00 for season.

JOHN L. SMITH,  
Security Building,  
Minneapolis, Minn.

## PRIZES GIVEN AT DETROIT

Long List of Events as Competed for at Annual Shop Picnic, a Successful Affair

### BIGGEST FAMILY NUMBERED 14

That Prize went to Mr. and Mrs. Erick Anderson—Bert Kylo First in Machinists' Dash

The sports committee has given the Dispatch the list of prize winners at the annual shop picnic as held at Detroit. The first event, 100 yards dash, was captured by Bert Kylo. As an umpire he has kept his legs in constant training.

The prize for the biggest family went to Mr. and Mrs. Erick Anderson who had a happy family of true Rooseveltian proportions, 14 present. The events in detail follow:

Machinists 100 yard dash—1st, \$3, Bert Kylo; 2nd \$2, Joe Trink; 3rd \$1, C. E. Brown.

Boilermakers, 100 yard dash—1st \$3, M. Reis; 2nd \$2, Alfred Hagstad; 3d, \$1, C. H. Kirck.

Blacksmiths 100 yards dash—1st, \$3, A. Peterson; 2nd, \$2, R. Erickson; 3d, \$1, S. Anderson.

Car Repairs 100 yard dash—1st, \$3, M. Hill; 2nd, \$2, B. C. Arnold; 3d, \$1, B. Norquist.

Store department and tinshop 100 yard dash—1st \$3, W. A. Olkara; 2nd \$2, A. Swanson; 3d, \$1, Oscar Bloom.

Fatman's race, 50 yard dash—1st, \$2, W. Frampton; 2nd \$1.50, M. Berggren; 3d, \$1, D. H. Domprowe.

Married ladies race, 50 yards—1st \$2, Mrs. J. Philstrom; 2nd, \$1.50, Mrs. A. Busher; 3d, \$1, Mrs. J. Dun-car.

Young ladies, 50 yard dash—1st \$2, Rachael Templeton; 2nd \$1.50, Ruth Nelson; 3d, \$1, Mae Jones.

Boys under 15, 50 yards—1st, \$1, Carl Shields; 2nd 75c, Robert Hill; 3d, 50c, Henry Busher.

Girls under 15, 50 yards—1st, \$1, Violet Murray; 2nd 75c, Mary Branchard; 3d 50c, Bernice Mayo.

Young ladies, 50 yard dash for handbag, donated by Mrs. Theviot—Dora Hively, was the winner.

Potato race—1st, \$1, Wm. Swan-

## HIBBING HERE NEXT SUNDAY

Great Aggregation of Big and Small League Players Assembled Under Hibbing Banner

### TO FACE SPAV COOK'S COLTS

Boys will be Crowded the Limit to Win, Bigger Battle Than Any Little Falls-Brainerd

Brainerd plays Hibbing here next Sunday, June 25. Hibbing is the fastest team in northern Minnesota. In their game of June 18 their batters whaled out five home runs, garnered from International Falls. The score was 12 to 2 in favor of Hibbing.

Brainerd fans will be treated to the greatest aggregation of league players, big and small leagues, that have ever formed in play on the diamond. Hibbing, in line with all its other activities, is now supporting a ball team in regular big league style.

"Spav" Cook is not dismayed. Cook is giving Brainerd the best article of ball seen in many days. The attendance is remarkable, exceeding on many days Superior, Wis.

The boys are playing snappy ball, and perfecting their team play. It is baseball which shows the boys are using their heads as well as their arms and legs.

Hibbing is expected to bring quite a number of fans to Brainerd and taken all in all it will be a clash which will cause the Brainerd-Little Falls battle royal staged for the Fourth to take a back seat.

son; 2nd 75c; James Ireland; 3d, 50c C. Bedel.

Pie Eating Contest—1st \$1, W. Lind; 2nd, 75c, C. Mayo; 3d, 50c, A. Anderson.

Broad jump, 8 feet, 11 inches—1st, \$2, E. Hill; 2nd, \$1, W. A. Olkara; 3d, 50c, Henry Busher.

High jump, 5 feet 10 inches—1st, \$2, W. A. Olkara; 2nd \$1, C. H. Kirck.

Largest family, \$3—Erick Anderson, family of 14.

## COUNCIL HAS SESSION MONDAY

County Agricultural Agent Colquhoun Given Permission to Occupy Office in City Hall

### NEW PUBLIC PARK IS NAMED

Property Owners Ask that Section of Bluff Avenue North and Fir Street be Paved

Council met in regular session at 8 o'clock P. M. all members being present except Alderman Betzold.

The minutes of regular session held June 5th, were read and approved as read.

The city attorney reported that Judge McClenahan had ruled against the city in the matter of the suit for refund of the unearned liquor license money and on motion made and duly carried the report was accepted.

Mr. Colquhoun, the county agent, applied for permission to occupy one of the vacant offices in the city hall for exhibition purposes, which request was on motion duly carried granted.

Aldermen Benson and Morrison offered the following resolution and moved its adoption, viz:

"Be it resolved by the city council of the city of Brainerd, that that tract of land in the city of Brainerd lying between Seventh street and Broadway and between the south line of Bluff avenue extended westerly from Broadway and the north line of Fir street extended west from Broadway to a point where such extended lines intersect, be and the same is hereby designated as a public park and placed under the control of the park board," and on a vote on motion by ayes and nays, all members voted aye and said resolution was accordingly declared adopted.

Dr. C. A. Nelson spoke to the council on the subject of dog license and advocated that the ordinance concerning the question be amended, whereupon the city attorney was requested to prepare the necessary amendment.

A petition from property owners of Bluff avenue north and Fir street, praying for the paving of a portion of said Bluff avenue and Fir street from the west side of said Bluff avenue north, where same runs east and west to the east side of 7th street and on Fir street from the said east line of 7th street to the east line of 9th street in the city of Brainerd, whereupon Aldermen Anderson and Smith moved to grant the petition and instruct the city engineer to prepare estimate of cost of such improvement. Motion carried.

Aldermen Benson and Koop offered the following resolution and moved its adoption:

"Be it resolved, by the city council of the city of Brainerd: That all that part and portion of that certain street in said city of Brainerd known as and named Terrace avenue, lying north of a line drawn parallel to and ten feet south of the southerly line of lots one to nineteen (1 to 19) both inclusive of block two (2) in Terrace Park addition to the city of Brainerd, according to the plat of said addition on file and of record in the registry of deeds for Crow Wing county, Minnesota, and all that part and portion of that certain street in said city, known as and named Tenth street north lying between block one (1) and block two (2) in said Terrace Park addition to the city of Brainerd, and north of that certain street known as and named Bluff avenue, be, and the same hereby are vacated."

And on a vote by ayes and nays on said motion, all voted aye, and said resolution was accordingly declared adopted.

A communication from H. E. Kunder in reference to assessment for sewers of lot 16, block 1, Stiles' addition and on curbing on Bluff avenue opposite said addition was had and on motion duly made and carried, the matter of said assessment was referred to the city engineer and the matter of said curbing to the city engineer.

A request from the Lakeside Lumber Co. for permission to fence in 8 feet of the south side of Main street in front of lots 1 to 6, block 18, lots 1 to 12 block 20 and lots 7 to 12 block 22, town of Brainerd, was read and on motion of Aldermen Turotte and Koop and duly carried, request was granted.

Aldermen Benson and Koop moved to authorize the clerk to issue city warrants on the time returns of the city engineer in any given month up to \$200, while the street work is being carried on. Motion carried.

Mr. C. W. Koering asked for permission to install a gasoline tank in front of No. 19 Kindred street which request was on motion made and duly carried granted.

Aldermen Benson and Koop moved

(Continued on page 6)

## RECORD SHOOTING NOW CARRIED ON

No High Scores Were Made Sunday Owing to the High Wind Which That Day

### BERT ORNE AND W. NELSON TIE

Water on the Flats Made it Difficult to Shoot at 600 Yards Range, Mound Being Built

No high scores were made at the record shoot Sunday owing to the rather high wind, however, some of the scores are high enough to guarantee the club that several of the members are safely in the sharpshooters class.

Bert Orne tied with Wm. Nelson for high score at 300 yards, each securing 41 out of a possible 50. The boys carried their lunches and camped on the grass, cooking their coffee. F. E. Smith officiated as head of the commissary department.

When it came to shooting at 750 yards Herman Linnemann gave the range. He set his sights at 725 yards, shot and nailed a bullseye and then retired on his record.

Three new members were accepted in the club, E. R. Jones, Harold Kalland and Albert Ellison, all making excellent scores at the ranges fired.

The water is still standing in places on the flat where the boys are practicing, which accounts for not completing the record at the 600 yards range. The mound at 600 yards will be built during the week and the next shoot will complete some of the records.

The record shooting June 11 and 18 was in charge of Executive Officer Francis J. Britton. The 300 yard slow fire record was made Sunday and shooters at 500 yards slow fire were E. R. Jones, Harold Kalland, F. E. Smith, Herman Linnemann, R. J. Tinkelpaugh and Dr. C. S. Reimstad. The record follows:

	200	300	300	500
	yds.	yds.	yds.	yds.
	rapid	rapid	slow	slow
	fire	fire	fire	fire
Wm. Nelson	45	46	41	46
Francis J. Britton	41	45	39	45
Fred L. Britton	42	43	39	42
S. P. Coffrain	45	37		38
J. C. Conant	44			
Gussie Small	42	42		
Bert W. Orne	38	38	41	36
F. E. Smith			40	36
Albert Ellison			37	
S. E. English	27	30	30	35
John J. Brady	44	24	25	13
Ed. Wicklund	34	23	19	33
E. R. Jones				38
Harold Kalland				38
Herm Linnemann			28	30
R. J. Tinkelpaugh			35	17
W. V. Turcotte			31	
C. A. Olson			27	
Dr. Reimstad			24	25
E. M. Elder			23	
E. R. Blake			20	

Several new members were out to preliminary practice on Saturday. It was W. H. Gemmell's first shoot and he did very well. The telephone is installed and is a great help in communicating between the field and target pit.

## "BEST OF ALL" SAWYER STATES

Tanlac Banishes a Hotel Man's Troubles

PLEASED TO RECOMMEND IT

Minneapolis Resident Describes the Benefits He Gained Through Use of the New Medicine

Minneapolis, Minn., June 20—"I'm only too glad to recommend Tanlac for it certainly did 'knock the spots' out of my stomach trouble," Alson Sawyer, 68 years old, who has charge of the checking room at the Nicolett Hotel and resides at 2728 Nicolett avenue, said a few days ago.

"I had catarrh of the head and stomach," he continued. "My stomach was usually sour and I bloated easily. Gas formations also bothered me. I had indigestion and suffered a burning sensation in my stomach frequently. My appetite was poor."

"Tanlac was so highly recommended I decided to try it. I've taken three bottles now and have found it the best of all medicines for indigestion. I am no longer troubled with sour stomach, the burning sensation has disappeared and my appetite is fine."

Tanlac (the Master Medicine, is especially beneficial for stomach, liver and kidney trouble, catarrhal complaints, rheumatism, nervousness, sleeplessness and the like.

Tanlac is now being specially introduced and explained in Brainerd at Johnson's Pharmacy.—Adv.

## A Fitting Fine.

"There's a hard roadster in that court."

"What did he do?"

"A couple brought before him were accused of spooning in the park, and he made them fork over."—Baltimore American.

## Devil's Almond Sandwich.

Chop the almonds and spread rather thickly on bread and butter. Press the slices together and cut in pretty shapes.

## Most Eminent Medical Authorities Endorse It.

Dr. Eberle and Dr. Braithwaite as well as Dr. Simon—all distinguished authors—agree that whatever may be the disease, the urine seldom fails in furnishing us with a clue to the principles upon which it is to be treated, and accurate knowledge concerning the nature of disease can thus be obtained. If backache, scalding urine or frequent urination bother or distress you, or if uric acid in the blood has caused rheumatism, gout or sciatica or you suspect kidney or bladder trouble just write Dr. Pierce at the Surgical Institute, Buffalo, N. Y.; send a sample of urine and describe symptoms. You will receive free medical advice after Dr. Pierce's chemist has examined the urine—this will be carefully done without charge, and you will be under no obligation. Dr. Pierce during many years of experimentation has discovered a new remedy which he finds is thirty-seven times more powerful than lithia in removing uric acid from the system. If you are suffering from backache or the pains of rheumatism, go to your best druggist and ask for a 50-cent box of "Anuria" put up by Dr. Pierce. Dr. Pierce's Favorite Prescription for weak women and Dr. Pierce's Golden Medical Discovery for the blood have been favorably known for the past forty years and more. They are standard remedies to-day—as well as Doctor Pierce's Pleasant Pellets for the liver and bowels. You can get a sample of any one of these remedies by writing Dr. Pierce.

Doctor Pierce's Pellets are unequalled as a Liver Pill. One tiny, sugar-coated Pellet a Dose. Cure Sick Headache, Bilious Headache, Dizziness, Constipation, Indigestion, Bilious Attacks, and all derangements of the Liver, Stomach and Bowels.

## COUNCIL HAS SESSION MONDAY

(Continued from page 5)

to instruct the city engineer to clear out and prepare for grading 4th street from the N. P. track in West Brainerd to intersection of said 4th street and Charles street, and Charles street from said intersection westerly to the city limits. Motion carried.

In the matter of repairs to 19th street S. E., a motion was made and duly carried to refer same to the street committee for report at next regular meeting.

Alderman Smith, chairman of the property committee, reported verbally on the status of the old hose house on Front street and Aldermen Turcotte and Anderson moved that this committee in conjunction with the Water and Light board formulate a scheme for the erection of a machinery and tool shed for joint use by the city and the W. & L. board, and report on same at next regular meeting, carried.

Aldermen Turcotte and Koop moved to direct the city engineer to effect the necessary filling in at telephone pole located at corner of 4th and Oak streets. Motion carried.

Aldermen Peterson and Anderson moved to allow Mr. P. A. Erickson to make connection with district sewer No. 3, free of charge, the city engineer to issue the necessary permit. Carried.

Aldermen Peterson and Anderson moved to direct the city engineer to effect repairs to sewer in district No. 3 at intersection of Norwood street, also to fill in at lamp hole on same sewer at intersection of 12th and Rosewood streets. Motion carried.

The following claims were allowed and ordered paid, viz:

James Thomas, street work, \$99.22; O. E. Lucas, street work, \$14.75; Joe Kirby, street work, \$15.50.

On motion duly carried, council adjourned till Thursday, June 22nd, 1916.

Attest,

A. MAHLUM,

City Clerk.

## Grading an Earth Road in Spring.

In maintaining an earth road provision should be made for doing all necessary grading or earth work as early in the spring as possible in order that it may become thoroughly consolidated before the dry weather of summer. If the work is done too late the road will not only probably become very dusty in dry weather, but will need additional attention later in the fall. Where the soil is a heavy clay or gumbo the condition of the road may be very materially improved by adding sand from time to time as that already on the road is worked in by the passing traffic and the drag.

Only rarely do our earth roads, even when neglected, become equally bad over their entire length. Most frequently the really bad places are confined to comparatively short sections, while the remainder of the road is fairly passable. An examination of the worst will usually show that the drainage, either surface or underground, is seriously at fault. The trouble can be remedied by providing the necessary drainage, and in nearly every case could have been prevented by a comparatively small amount of timely and properly directed attention. The lesson is obvious. Systematically organized and properly directed maintenance throughout all seasons is our only guaranty of fairly passable earth roads during the spring of the year.

## VANCE C. M'CORMICK.

President's Selection for His Campaign Manager.

President Wilson has selected Vance C. McCormick of Pennsylvania for chairman of the Democratic national committee, and the selection is regarded as a direct appeal to the Progressive following of Theodore Roosevelt. Colonel Roosevelt took the stump for McCormick in the Keystone state when he ran for governor two years ago as the joint candidate of the Pennsylvania Democrats and Progressives. There is no doubt that the selection of Mr. McCormick is the direct outcome of eleventh hour developments in Chicago which left the Progressives without a leader in a third party presidential fight. Senator John W. Kern of Indiana and Newton D. Baker, secretary of war, had been under consideration in Washington for the place.

## BIG SCHOOL LAND INCOME

Amounts to \$5.74 for Each Pupil in South Dakota.

Pierre, S. D., June 20.—For the fiscal year just closed the state land department paid \$1,095,737 into various state educational funds. The common schools received \$993,463 and the remainder went to endowed institutions. The apportionment amounts to \$5.74 for each pupil in the state. Minnehaha county, the most populous, receives \$42,985. Brown county, of which Aberdeen is the county seat, comes next, with \$32,841. Other counties receiving \$20,000 or more are Beadle, Brookings, Charles Mix, Codrington, Day, Hutchinson, Lawrence, Roberts and Turner.

## GRAIN AND PROVISION PRICES

### Duluth Wheat and Flax.

Duluth, June 19.—Wheat—On track and to arrive, No. 1 hard, \$1.11 1/2; No. 1 Northern, \$1.10 1/2; No. 2 Northern, \$1.05 at 1.08; Flax—On track and to arrive, \$1.78.

### St. Paul Grain.

St. Paul, June 19.—Wheat—No. 1 Northern, \$1.07 1/2 at 1.12 1/2; No. 2 Northern, \$1.03 1/2 at 1.07 1/2; No. 2 Montana hard, \$1.00 1/2 at 1.02 1/2; corn, 73 1/2 at 74 1/2; oats, 37 at 37 1/2; barley, 63 at 72 1/2; rye, 93 at 94 1/2; flax, \$1.80 1/2.

### Chicago Grain and Provisions.

Chicago, June 19.—Wheat—July, \$1.02 1/2; Sept., \$1.04 1/2; Dec., \$1.08. Corn—July, 72 1/2; Sept., 72; Dec., 62 1/2. Oats—July, 39 1/2; Sept., 38 1/2; Dec., 40 1/2. Pork—July, \$23.65; Sept., \$23.30. Butter—Creameries, 26 1/2 at 28 1/2. Eggs—18 1/2 at 21 1/2. Poultry—Fowls, 17 1/2.

### Minneapolis Grain.

Minneapolis, June 19.—Wheat—July, \$1.06 1/2; Sept., \$1.06 1/2; Dec., \$1.07 1/2. Cash close on track: No. 1 hard, \$1.13 1/2; No. 1 Northern, \$1.07 1/2 at 1.10 1/2; No. 2 Northern, \$1.06 1/2 at 1.07 1/2; No. 3 Northern, 97 1/2 at 1.03 1/2; No. 3 yellow corn, 73 1/2 at 74 1/2; No. 3 white oats, 37 at 37 1/2; flax, \$1.80 1/2.

## REMINISCENCES OF CONVENTIONS

Delegates Are No Longer Stamped by Demonstrations.

COUNTED ON ROOSEVELT.

Democrats Disappointed That the Colonel Wouldn't Lead a Third Party. Hoped for Republican Split to Assist Wilson—About Vice Presidential Candidates—Justice Hughes' Successor.

By ARTHUR W. DUNN.

Washington, June 20.—[Special.]—One of the chief features of the Democratic national convention, particularly those found in the lobbies of the hotels and in various headquarters, were the constant comments upon the action of the Republicans and Progressives at Chicago.

"Are you disappointed at the result of that convention?" I asked one of the prominent leaders.

"I am disappointed with Roosevelt," was his reply. "We have been counting confidently upon Roosevelt leading a third party, as he did four years ago. That would have made it easy for us. We never expected a fighter like Roosevelt to quit."

### Not the Same.

Four years ago when we left Chicago for Baltimore we knew we were going to see a president nominated. It made the Baltimore convention intensely interesting. This year when we left Chicago for St. Louis we knew we were going to see the president nominated for a second time, but whether for a second term is another thing. The situation is entirely different. Although the Republican party is not entirely reunited, everybody is aware that the backbone has been taken out of the Progressive party, which was largely composed of Republicans. If those Republicans return and support Hughes they may go a long way toward electing him. So we know that this is a much different presidential campaign from the last.

### "A Cold Crowd."

"Did you ever see such a cold crowd in your life at a national convention?" asked Urey Woodson, the Kentucky member of the Democratic national convention who spent a week in Chicago watching the Republicans. "The Progressives showed much more pep than the Republicans," he continued. "Why, the demonstration when Hughes was nominated fell flat."

So far as demonstrations were concerned, the recent Chicago convention was something like the conventions of 1896 and 1900, when McKinley was nominated; the convention of 1904, when Roosevelt was nominated, and the convention of 1908, when Taft was nominated.

The greatest demonstrations of popular approval ever seen in conventions of recent years were for Bryan.

### Don't Mean Much.

The convention demonstrations of late years do not mean very much. Delegates are not stamped by demonstrations. Roosevelt would have been nominated in 1912 and 1916 by the Republicans if demonstrations of great enthusiasm governed the selection. Bryan would have been nominated in 1904 and in 1912 if demonstrations in his favor and loud cheers and noise controlled the action of the delegates. Those noisy features of conventions are simply a part of the convention game, and a certain amount is heard every four years.

### Vice Presidential Candidates.

Can any one remember when a clearly avowed candidate for vice president has been nominated? I mean where a man has gone out and deliberately sought the office and obtained it. I do not recall anything of the kind. Such candidates only make themselves ridiculous, and I am sorry to say that quite a number of my good friends have been among those seeking second place who have been defeated.

I think I will have to make one exception. Jim Sherman was almost a seeker for second place. His friends were pushing him much the same as if he were an actual candidate, but Sherman himself did not make a canvass and work for the nomination. Even if his friends were for him it must be remembered that the place was given more to New York than to Sherman individually. When a nomination goes west it has generally been conceded that New York, a pivotal state, can name the vice president.

### "Mother of Presidents."

Virginia and Ohio are jointly the "mother of presidents," having furnished the same number. If Hughes should be elected New York will come to the front as the mother of presidents. Already she has furnished Van Buren, Fillmore, Arthur, Cleveland and Roosevelt, equalling in number Virginia and Ohio. With Hughes New York will be one ahead.

### Not For Palmer.

Many friends of A. Mitchell Palmer hoped that he might be appointed to the supreme bench to succeed Mr. Hughes, but I have been told that is not likely. "Of course there is no politics in connection with such appointments," said a man who knows, "and if there was there would be no good political results in selecting a Pennsylvania man for that place at this time."

## ADMIRAL WINSLOW.

Will Command Fleet in Mexican Waters.

## MEXICANS URGED TO ENLIST IN THE ARMY

Chihuahua City, June 20.—Strenuous efforts to bring every unit of the Carranza army of the north to the greatest possible strength for service in event of hostilities with the United States are being pushed forward here.

A message from General Obregon, Mexican minister of war, directed General Trevino, commanding the Northern division, to urge patriotic citizens to volunteer that they may be available to "fight the American army in case of a rupture of relations," and to prevent "the further raiding of American territory by armed bandits."

The message says: "The Mexican government is convinced that the greater part of its citizens are desirous of enlisting in the army, so that in case of an international war they can defend, with arms in hand, the integrity of our sovereignty."

"Further, since in the northern states and especially in the border territory there are being organized bodies of men to be ready to fight the American army in case of a rupture to relations, and with the object of preventing the further raiding of American territory by armed bandits, who seek to increase the present grave difficulties of the general situation. All patriots should rally to the national standard."

## DRUG HOUSE IS BURGLARIZED

Robbers Secure Large Quantities of Morphine and Cocaine.

Minneapolis, June 20.—For the second time within a year burglars broke into the supply house of Parke, Davis & Co., wholesale druggists, and took narcotics, valued at several thousand dollars.

Nothing else had been touched. The thieves showed their familiarity with the place by going directly to a wire enclosure on the second floor, where the drugs were stored.

The stock consisted mostly of morphine, but there were also large quantities of cocaine, heroin and other drugs used by drug addicts, who are blamed by the police for the robbery.

It is believed the loss will reach \$5,000.

### He Went.

Visitor—Is your clock right? Tired Hostess (at the end of her patience and politeness)—Oh, no! That's the one we call the visitor. Visitor—What a quaint name! Why? Hostess—Because it doesn't go.

State of Ohio, City of Toledo, Lucas County, ss.

Frank J. Cheney makes oath that he is senior partner of the firm of F. J. Cheney & Co., doing business in the City of Toledo, County and State aforesaid, and that said firm will pay the sum of One Hundred Dollars for each and every case of Catarrh that cannot be cured by the use of Hall's Catarrh Cure.

FRANK J. CHENEY.

Sworn to before me and subscribed in my presence, this 6th day of December, A. D. 1888.

(Seal) A. W. GLEASON, Notary Public.

Hall's Catarrh Cure is taken internally and acts directly upon the blood and mucous surfaces of the system. Send for testimonials, free.

F. J. CHENEY & CO., Toledo, O.

Sold by all Druggists, 75c. Take Hall's Family Pills for constipation.

**BAD BREATH**  
DO YOU WANT your friends to avoid you? They will certainly do so when your breath is bad. There is no excuse for anyone having a bad breath. It is caused by disorders of the stomach which can be corrected by taking Chamberlain's Tablets. Many have been permanently cured of stomach troubles by the use of these tablets after years of suffering. Price 25 cents per bottle.

## Chamberlain's Tablets

## EUGENE DEBS

Will Lecture

AT

Gardner Hall

Wed. Eve., June 21st

Under auspices Finnish Socialist Local. ADMISSION 25c, including 1 years subscription to The Rip-Saw, a magazine published by Mr. Debs.

Ladies and children are invited and admitted free.

MEN AT THE PICTURE SHOW LEARN HOW TO USE THE REAL TOBACCO CHEW

ON the screen at the movies and out in the hum of life, the story is:—"If you won't take a small chew don't take any." W-B CUT Chewing is rich tobacco. A small chew keeps you satisfied—without so much grinding and spitting. Men call it the gentleman's chew. It's good economy also—a 10c. pouch goes twice as far as a dime's worth of ordinary tobacco.

Made by WEYMAN-BRUTON COMPANY, 50 Union Square, New York City

## "GOOD ROADS" BY TRAINLOADS

Railroads and States Co-operating For Better Highways—Arousing Farmers.

Everywhere the movement for better roads shows increased impetus, says the New York Times. The importance of highways that will stand up, as shown by the war in Europe, is recognized as one of the contributing causes to the growing popular interest in highway improvement.

A number of the states are planning to send out good roads trains to reach the farmer at a time when he is not busy with his crops. Those actively at the head of the good roads movement realize that the farmers, in large majority, must be drawn into the campaign for the funds required to construct permanent highways. A great missionary in this direction is the automobile. A marked feature of the sale of automobiles for the last fiscal year was the number of cars that went into the hands of farmers. Fifty per cent of the machines disposed of last

year were bought by farmers. It is odd but true that the farmer when seated in his new automobile sees the need of better roads much more readily than when on the front seat of a four horse wagon hauling a load to town.

Railroads are co-operating with the states' highway departments in sending out good roads trains. One of the states that will operate a train of this kind is Tennessee. It will make the trip in January. Representatives of the federal as well as the state department will be on board. Miniature models of various kinds of roads will be exhibited. At all points of community importance along the route lectures, illustrated by moving pictures and lantern slides, will be given.

### His Helping Hand.

The Magistrate—So you admit making these counterfeits? The Prisoner—Well, your honor, it struck me that there was a shortage of the genuine article.

## WHICH SIDE OF THE SCREEN

Does your coal come from. Our coal is all carefully inspected before we accept it—is yours? Our coal has no slag or dirt, or in fact any foreign material to add to the weight or detract from the heating quality. We take good care of our trade at all times.

JOHN LARSON
